BEVERLY FRANK
CLERK OF SUPERIOR COURT
YUMA, ARIZONA 85364

IN THE SUPERIOR COURT OF THE STATE OF ARIZONA

IN AND FOR THE COUNTY OF YUMA

In the Matter of:

**DESIGNATING ORDERS TO STOP ORDER
OF ASSIGNMENT CONFIDENTIAL IN
THE SUPERIOR COURT IN YUMA COUNTY**

**Administrative Order
No. 2008-03**

Whereas, the Arizona Supreme Court, Superior Court and Clerk of Court have taken measures to protect sensitive data of parties in family court cases, and, Rule changes effective January 1, 2008, protect this information on both Orders of Assignment and Orders to Stop Order of Assignment (Stop Orders). However, from January 1, 2006, through December 31, 2007, Stop Orders were not included as confidential documents. Stop Orders, in both language and format, include the same sensitive data that is currently protected on Orders of Assignment.

As the Clerk of the Superior Court in Yuma County maintains electronic records, it is possible that, without judicial intervention, Orders to Stop Order of Assignment

1 could be more widely available than necessary. This
2 Administrative Order accomplishes the rule's intent that
3 public access to sensitive data be limited to the extent
4 possible. Therefore,

5 **IT IS ORDERED:**

- 6
- 7 1. Orders to Stop Order of Assignment filed on or after
8 January 1, 2006, when the Arizona Rules of Family Law
9 Procedure were implemented, shall contain any sensitive
10 data required by law, but shall be confidential and
11 only available to the parties, the parties' attorneys,
12 the parties' employers, child support enforcement
13 agencies, court personnel, and any other person or
14 agency authorized by court order.
- 15
- 16 2. In the discretion of the clerk, Orders to Stop Order of
17 Assignment may be maintained either in paper or
18 electronic format. If these documents are maintained
19 electronically, the clerk is authorized to destroy any
20 paper versions.
- 21
- 22 3. The retroactive effect of this Order shall not cause
23 the clerk to be liable for those Orders to Stop Order
24 of Assignment filed on or after January 1, 2006 that
25 may have been accessed as public records prior to the
26 implementation of this Order.

27 DATED this 10th day of March, 2008.
